***Response to Amendment***

Applicants' amendment after final has been entered and forwarded to the examiner. Therefore Claims 1-21 as recited in the amendment are currently pending in the Application.

***Information Disclosure Statement***

The IDS filed on Jan. 14, 2005 was previously and the Applicants' supplied with the initialed PTO-1449, The IDS filed 08/09/2007 ( two copies) have been considered and the initialed copy/s of the PTO-1449 enclosed herewith. Therefore all IDSs filed to date have been considered.

***Allowable Subject Matter***

Claims 1 to 21 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitation of the dependent claims, in such manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The applied prior art fails to teach a combination of all the claimed features as presented in independent claim/s ( 1) which include holographically patterning the photoresist layer to form a patterned mask and The reference only discusses the use of holographic means with respect to the "removal by photo exposure" patterning of material from waveguide 124b when it is "is formed from a photosensitive core material". C38, L45-60. ( as stated by Applicants' in their A/F amendment pages 2,3) .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
